

# Step 1

## Extent To Which the Local Wellness Policy (LWP) Complies with USDA Requirements and Compares to a Model Policy Assessment Tool

Complete one of the LWP assessment tools listed below. Check the box next to the tool used. Retain a copy of the completed comparison assessment.

- Alliance for a Healthier Generation 10-step Checklist (see pages 2-5 of this document)
- [The WellSAT School Assessment Tool](#)

Open the completed comparison assessment and respond to the following questions based on the responses.

**1. List areas of strength in the wellness policy:**

- a. Contains all of the required components

**2. List opportunities for improvement in the wellness policy:**

- a. Make sure the public and all staff members are aware of the policy, and its components and work collectively to ensure that we are making every possible effort to keep our students healthy and fit

**3. As a result of the comparison, was new language adopted in the LWP?**

- Yes (complete notes section & question 4)
- No (skip to question 5)

**Notes:**

**4. Have the changes been approved by the board?**

- Yes-all changes to the policy were approved/reviewed in Nov of 2025 during our regular board meeting
- No

**5. Describe the next steps for strengthening your LWP.**

Communicating and prioritizing the LWP will be the best way for us to strengthen the power it has, since it is fully compliant in language.

## Alliance for a Healthier Generation 10-step Checklist

According to 7 CFR 210.31(e)(2), all School Food Authorities (SFAs) are required to complete an assessment of their compliance with their local wellness policy (LWP) at least once every three years and make this assessment available to the public by posting assessment responses/documentation to your school/district/residential child care institution (RCCI) website.

The local wellness policy (LWP) triennial assessment must be completed by **June 30, 2026**. Non-compliance with this requirement will result in a hold of the SFAs Child Nutrition Program claims for reimbursement until this requirement is met.

The questions contained in this survey have been taken from the Alliance for a Healthier Generation's LWP assessment.

This survey outlines the ten required components of the LWP as defined by the USDA final rule of 2016. SFAs can use this checklist with Healthier Generation's Model Wellness Policy to revise/update their LWP to ensure that it meets federal requirements. Healthier Generation's Model Wellness Policy includes model language for the required components, as well as resources to support implementation.

Please provide your SFA's information and then select the rating that applies to your LWP for each of the 10 questions below.

### The rating scale is:

2 = Current policy includes **all** required language for this component

1 = Current policy includes **some** of the required language for this component

0 = Current policy includes **none** of the required language for this component
